FISCAL REVIEW

Dear Mr. White:

I would like to extend my appreciation to you, Leni Chick, and others for their effort in preparing information for the August 24 contract review seminar. The university had 16 employees from across the state attending this meeting, and based on our discussions after the seminar, I know we collectively have a greater understanding of the process and expectations. Our communications efforts continue as we share the information we learned with our colleagues.

The university is submitting the following contracts for review:

1. Resident Supervision Contracts

The Fiscal Review Committee approved on May 15, 2006, the current contracts between the UT Health Science Center and the following two vendors that provide residency supervision: Campbell Clinic and Semmes-Murphey Neurologic and Spine Institute. Both are annual contracts we enter under our affiliation agreements.

What we previously brought to the Fiscal Review Committee for consideration were contracts between UT and these two vendors for supervision services needed at the Regional Medical Center in Memphis because only these contracts were in excess of \$250,000. The UT Health Science Center also has other contracts with these two vendors for the same services provided at Methodist University Hospital, St. Jude's Children's Research Hospital, and/or Baptist Memorial Hospital. Because none of these contracts had annual expenditures exceeding \$250,000 or were more than one year in duration, they were not identified as contracts needing the committee's approval. We now understand differently and are bringing amended contracts for the committee's consideration.

The amended contracts place the services provided for all Memphis area hospitals into a single, annual contract with the two vendors instead of having separate contracts for each of the hospitals served. This contractual change streamlines the contract processing between the vendors and the university and improves our ability

to monitor total expenditures under these affiliation agreements. The contractual term remains at one year. A summary of the amended contracts presented for review follows:

Contract with Campbell Clinic

In July 2003, Campbell Clinic and the University of Tennessee entered into an affiliation agreement to develop a joint UT/Campbell Clinic Department of Orthopedic Surgery in the Health Science Center's College of Medicine. This agreement states Campbell Clinic will be responsible for all orthopedic surgery education, residency training, research, and patient care programs of the College of Medicine.

The affiliation contract stipulates resident supervisory functions for orthopedic are carried out by the Campbell Clinic faculty and will be compensated through contracts between the affiliated hospitals and the University of Tennessee. This amended contract compensates Campbell Clinic for the faculty supervision of orthopedic residents for the period July 1, 2006, through June 30, 2007, in the amount of \$1,380,255. This contract is a renewal of agreements previously approved by the Fiscal Review Committee on October 9, 2003, June 17, 2004, October 26, 2005, and May 16, 2006, for services provided by Campbell Clinic for the Regional Medical Center in Memphis. The amended contract includes the same orthopedic resident supervisory services also provided by Campbell Clinic at Methodist University Hospital, St. Jude's Children's Research Hospital, and Baptist Memorial Hospital.

Contract with Semmes-Murphey Neurologic and Spine Institute

The university has a relationship with Semmes-Murphey Neurologic and Spine Institute that is over forty years old. Semmes-Murphey provides the most highly experienced and academically trained neurologists and neurosurgeons in the region. They are the only physician group in the region with the credentials required to provide the needed resident supervisory services.

Signed in January 1987, the affiliation agreement between the university and Semmes-Murphey establishes the relationship by which the university obtains faculty supervision of neurology and neurosurgery residents caring for patients. This amended contract, which provides services for July 1, 2006 through June 30, 2007, is in the amount of \$715,524.95. This contract is a renewal of agreements previously approved by the Fiscal Review Committee on December 18, 2003, June

1, 2004, October 26, 2005, and May 16, 2006, for services provided by Semmes-Murphey for the Regional Medical Center in Memphis. The amended contract includes the same services also provided by Semmes-Murphey at Baptist Memorial Hospital.

Please let me know if you or others have questions or need additional information for the attached contracts.

Sincerely,

FISCAL REVIEW

Dear Mr. White:

Each year the Health Science Center enters into annual contracts with various affiliated medical practice groups to provide supervision of residents training. All contracts are funded by the hospitals where the residents will be assigned.

The following three sole-source contracts are submitted for review by the Fiscal Review Committee in accordance with Public Chapter 413, Public Acts of 2003.

Contract with UT Medical Group

The Accreditation Council for Graduate Medical Education requires around-the-clock faculty presence in hospitals when residents are providing obstetrics and gynecology services. In accordance with the university's affiliation agreement with the UT Medical Group (UTMG), UTMG is the sole provider under which OB/GYN patient care activities of the university's full-time faculty members shall be conducted. Patient care activities are defined as medical, medical administrative, educational and related professional services to hospitals.

This contract is for supervision of OB/GYN residents at the Baptist Women's Hospital. The FY 2007 maximum liability for the contract is \$400,000. This contract is a renewal of the agreements previously approved by the Fiscal Review on December 18, 2003, June 17, 2004 and October 26, 2005.

Contract with Campbell Clinic

In May 2003, Campbell Clinic and the University of Tennessee entered into an affiliation agreement to develop a joint UT/Campbell Clinic Department of Orthopedic Surgery in the Health Science Center's College of Medicine. This agreement states that Campbell Clinic will be responsible for all orthopedic surgery education, residency training, research, and patient care programs of the College of Medicine.

The affiliation contract stipulates that residency supervisory functions are carried out by the Campbell Clinic faculty and will be compensated through contracts between the affiliated hospitals and the University of Tennessee. This contract compensates Campbell Clinic for the faculty supervision of orthopedic residents for the period July 1, 2006 through June 30, 2007 in the amount of \$968,000. This contract is a renewal of the agreements previously

Mr. Jim White

approved by the Fiscal Review Committee on October 9, 2003, June 17, 2004, and October 26, 2005.

Contract with Semmes-Murphey Neurologic and Spine Institute

The university has a relationship with Semmes-Murphey Neurologic and Spine Institute that is over forty years old. Semmes-Murphey provides the most highly experienced and academically trained neurologists and neurosurgeons in the region. They are the only physician group in the region with the credentials required to provide the needed services.

Signed in January 1987, the affiliation agreement between the university and Semmes-Murphey establishes the relationship by which the university obtains faculty supervision of neurology and neurosurgery residents caring for patients at the Regional Medical Center in Memphis. The contract, which provides services for July 1, 2006 through June 30, 2007, is in the amount of \$480,000. This contract is a renewal of the agreements previously approved by the Fiscal Review Committee on December 18, 2003, June 1, 2004, and October 26, 2005.

Each year the Health Science Center enters into contracts with various affiliated medical practice groups to provide supervision of residents training. All contracts are funded by the hospitals and remain relatively unchanged from year to year and reflect on-going activities between the university and affiliated partners. As requested by the Fiscal Review Committee in October 2005 the contracts before you for consideration are in their final form with estimated liability dollars in order to have them before the Committee prior to their effective dates. The amounts represented on each contract are the maximum liability calculated at the present time.

Please let me know if you or others have questions or need additional information for the attached contracts.

Sincerely,

Sylvia Shannon Davis
Vice President for Administration and Finance
